We believe these core elements are critical to our success as individuals, as families and as a community. In order to achieve our vision of a stronger, healthier and more compassionate community, we are working to provide access to these essentials to all people in Canadian County through five focus areas.

The Community Investment process is a unique system that allows us to remain transparent and accountable, while allocating donations to our agencies. Each year, donor volunteers lead the review of funding requests, program outcomes, financial data, and past performances for current Partner Agencies and new agencies seeking partnership. Through a series of committee meetings and a site visit, Community Investment volunteers help ensure dollars raised are efficiently invested in health and human service programs that are effectively serving our local community.

United Way of Canadian County is committed to responsible stewardship, and is diligent in keeping our combined administrative and fundraising costs well below the national standard for nonprofit organizations. Our Partner Agencies are held to the same high standard, and are reviewed annually by our volunteer-led Community Investment process.

HELP OUR COMMUNITY THROUGH VOLUNTEERING

Each year we invite donors to help determine how United Way dollars are invested. Through the process we call Community Investment, these donor volunteers lead the review of funding requests, program outcomes, financial data, and past performances from Partner Agencies and new agencies seeking partnership. From February to June, volunteers commit to monthly meetings of two or more hours, as well as site visits to a few local nonprofits.
