Maintenance Technician

City Care exists to do the work few others are willing to do. We believe in the intrinsic value of every person. It is with love and compassion we advocate for the overlooked in our community. We provide food for the hungry, relief for the hurting, and hold space for complete restoration of lives that have gotten off course. And with enough endurance, we witness, firsthand, remarkable stories of transformation. We believe in the power of unity. Poverty, homelessness, mental illness and substance use disorders are community issues and deserve a community response of support for those working to create a better life for themselves and their loved ones. We are better, together.

Still reading? Great! Now more about the position. City Care is searching for a dreamer, a builder, a sustainer to help us meet the maintenance needs in our common facilities and 112-unit scattered-site property. This person will report to City Care's Maintenance Supervisor and duties will include troubleshooting, repair and preventative maintenance of plumbing, electrical, heating/cooling, carpentry, appliances, landscaping, painting and drywall.

ESSENTIAL FUNCTIONS:

- Accurately completes objectives in a timely manner
- Ensures all company maintenance policies and procedures are followed
- Prioritizes work orders and unit turns
- Maintains regular and consistent attendance, including being available for occasional on-call rotation/after-hours schedule
- Assists with move-in and move-out procedures including all required City and other inspections
- Brings all resident issues observed in units to the attention of the Maintenance Supervisor and Property Manager
- Provides excellent customer service and represents City Care in a professional manner at all times

REQUIREMENTS

- HVAC, plumbing, minor electrical knowledge
- Excellent organizational skills and attention to detail
- Excellent time management skills with a proven ability to meet deadlines
- Team player with ability to work well with others
- Ability to work independently, prioritize duties, manage time efficiently, and multi-task
- Ability to use online property management software to obtain maintenance requests
- Must have basic personal tool set
